ABOUT US

WHERE WE ARE NOW

Since 1988 Romageco (Kenya) Limited has progressively expanded the automotive suspension and 4X4 market through conquest sales, and aggressive marketing to reach its present size and currently employs 120 staff. We encompass the ethos of "BUY KENYAN BUILD KENYA".

We are original equipment (OE) suppliers to the motor vehicle assembly plants in Kenya for Isuzu East Africa and Hino trucks for our Rob's Magic heavy duty shock absorbers as fitted to their buses and trucks. Our shock absorbers are designed specifically for Africa's tough terrain, and supported by very solid warranties.

Our growing blue-chip client portfolio includes;

- African Wildlife Foundation
- Akagera Motors SARL
- AMREF
- Angama Limited
- Big Five Car Rental Limited
- Big Life Limited
- Car Plus
- CFAO Motors Kenya Limited
- CFAO Motors Uganda Limited
- Cheli and Peacock Management Limited
- County Government – various
- Crown Motors Group Limited
- Doshi Motors Limited
- Elewana
- Esso Motor Sales & Service Station Limited
- International Fund for Animal Welfare (IFAW)
- International Livestock Research Institute (ILRI)
- Isuzu East Africa Limited
- Juba Auto Co Limited
- Kenya Defense Forces
- Kenya Red Cross and IFRC
- Kenya Wildlife Service
- Kingsway Tyres Limited
- Kipeto Energy PLC
- Lake Turkana Wind Power
- LTA Juba
- Mara Conservancy Limited
- Mara Elephant Project
- Musiara Limited
- National Police Service Kenya
- Olkurruk Lodge Limited
- Pollmans Tours & Safaris
- Ravenswood Technologies Kenya Limited
- Rentworks East Africa Limited
- Samana Luxury Accommodation
- Save the Children
- Southern Cross Safari
- Specialised Fibreglass Limited
- The David Sheldrick Wildlife Trust
- The Lewa Wildlife Conservancy
- Thirteen Kings Limited
- Toyota Burundi
- Toyota Rwanda Limited
- UNDP • UNHCR • UNICEF
- World Vision Kenya
- WWF Kenya

• All Regional Toyota dealers and many foreign Embassies including the US Embassy and British High Commission
We have a distributor network throughout Kenya, Uganda, Tanzania, Ethiopia, DRC, Burundi, Djibouti, Rwanda and Sudan in total 81 dealers.

We have also exported worldwide through major procurement companies such as;

- Kjaer Group
- Bukkehave
- R A International (Denmark)
- LTA (Denmark)

With the 'winds of change' in Kenya and the steady improvement of governance within the East Africa region, we are optimistic and continue to invest further.

In 2001, we opened a Rob's Magic branch in Mombasa. Our success can be attributed to quality products and that "SPECIAL" service in addition to our goal of being SAFETY DRIVEN ANYTIME, ANYWHERE.

In 2009 we opened one of the largest suspension and 4X4 centres in Africa. This state of the art facility is a sight to behold. 28,000 sq .ft, epoxy floored workshop catering for upto 70 vehicles per day and a splendid 4X4 show room add to the aura of walking into this magnificent facility on 19 Commercial Street, off Bunyala Road in Nairobi.

In January 2019 we officially opened our new CKD Assembly plant along with an additional specialized fabrication facility with a total area of upto 37,000 sq. ft in 2023 in Mlolongo situated on the outskirts of Nairobi.

The facilities at our Mlolongo fabricating plant include:

- CAD Design
- CNC Hydraulic Pressing
- CNC Mandrel Tube Bending
- CNC Plasma Cutting
- CNC Tube Bending
- CNC Wire Bending
- Fiber Laser Cutting
- Hydraulic Swing Beam Shearing
- Powder Coating
- Shot Blasting
- Specialised Metal Fabrication

Our CKD (Complete Knock Down) assembly of TJM Australia 4X4 products use skilled Kenyan labour and locally sourced materials and we have adopted the KAIZEN philosophy of continuous improvement.

We are the largest dealer in the world for Bull Bars from TJM Australia and their only CKD assembler.

OUR PRODUCTS

SHOCK ABSORBERS

ROB'S MAGIC 4X4 SHOCK ABSORBERS

These legendary telescopic Gas/hydraulic shocks have been steadily improved for the last 35 years. Today's shocks boast comfort as well as ruggedness. With the aid of the latest valving you are assured of super comfort. Using big bores 36/40/50mm* and high temperature fluids these special shocks have what it takes to cater for extreme African terrain. We supply O.E. to motor vehicle assembly plants in Kenya: Isuzu East Africa and CFAO Motors LTD (HINO).

1 Year Or 30,000 Kms Warranty.

ROB'S MAGIC STRUT, TELESCOPIC AND SPRING SEAT SHOCK ABSORBERS

Rob's Magic strut, telescopic and spring seat shock absorbers are gas assisted for a superb ride at an affordable price and deliver an excellent and comfortable ride plus great value.

Rob's Magic shock absorbers come with a one-year or 30,000 Km warranty and are available for most Toyota and Nissan cars plus many others. A free bump stop and dust cover is included plus FREE fitting.

1 Year Or 30,000 Kms Warranty

TJM XGS 4X4 GAS SHOCK ABSORBERS

TJM XGS Suspension is designed to elevate your vehicle's core potential and your own driving experience.

An XGS Suspension upgrade will make your 4WD more comfortable over changing terrain while improving how it responds while braking, accelerating and cornering. Meanwhile, in addition to added ground clearance for touring and four-wheel driving, XGS Suspension offers outstanding load-carrying and towing capabilities compared to your vehicle's standard suspension system.

1 Year Or 30,000 Kms Warranty

SUSPENSION BUSHES

ROB'S MAGIC POLYURETHANE BUSHES

Polyurethane is an ideal material for making into suspension bushes. Its combination of high tensile strength and elasticity translates into immense durability in the toughest conditions. Polyurethane Bushes have excellent resilience, springing back into shape effortlessly to absorb shock and prevent dirt ingress and wear. Lastly, it doesn't age or perish - rubber bushes both perish and are attacked by Oils, Fuels and Ozone .

Advantages:

- Impressive and confident ride
- Excellent noise damping
- Sharper turn in - predictable cornering
- Controlled suspension movement
- Reduced body roll
- Designed & engineered to exact specifications
- Pure materials, immense flexibility & resilience
- Fit & forget - excellent longevity

1 Year Or 30,000 Kms Warranty

PARABOLIC SPRINGS, ELLIPTICAL SPRINGS AND HIGH LIFT GREASABLE SHACKLES

Made from the highest quality raw materials to give years of life under the harshest conditions. Parabolic springs additionally offer a superb ride.

Our heavy duty Elliptical springs include wrap around second leafs for greater safety.

Our raised shackles with grease nipples are legendary and help retain body lift.

1 YEAR OR 30,000 KMS WARRANTY

COIL SPRINGS

ROB'S MAGIC COIL SPRINGS MADE BY KING SPRINGS AUSTRALIA

Our special springs are developed specifically for African Terrain to Rob's Magic unique specifications. They not only lift the vehicle, which is particularly significant for ex-Japanese/European saloon cars, but the slightly stiffer spring rides the rough roads better, and your shocks will last longer. These springs come in various types, Linear, Progressive, and Tapered Wire.

1 YEAR OR 30,000 KMS Warranty.

BULL BARS

TJM 4X4 EQUIPPED

TJM AIR BAG COMPATIBLE BULL BARS

We have assembled CKD Bull Bars here in Kenya for over 25 years. TJM Bull Bars are assembled to the exact quality standards laid down by TJM Australia and are the **ONLY TESTED & CERTIFIED AIR BAG COMPATIBLE** Bull bars made in EAST AFRICA. TJM Bull Bars have built-in mounting points for winch, driving lights, communication aerals, and T-slots for Hi-lift Jacks.

Installing a TJM bull bar does not void your vehicle warranty. We supply our CKD bull bars to Isuzu, Nissan, and Ford and furnish Toyota franchises throughout the region

SNORKELS

TJM 4X4 EQUIPPED

TJM AIRTEC SNORKEL

Fitting a TJM Airtec Snorkel means the air supply is drawn from roof level providing cooler and cleaner air to the engine.

Because the air supply is drawn from roof level, dust is not as thick and plentiful as in the engine bay or inner guard. This will help extend the life of the air cleaner element, therefore reducing the wear of vital components.

With the positively sealed TJM Airtec Snorkel, well above water level, you can expect worry-free water crossings.

When driving along the open road, the TJM Airtec Snorkel creates what's known as a ram air effect, that has often been found to increase engine performance.

ROOF TOP TENTS

TJM 4X4 EQUIPPED

TJM ROOF TOP TENTS

TJM roof top tents are ready within minutes, so you can relax and enjoy the great outdoors. There's plenty to love about high rise camping where the views are better and less sand gets transported into your tent. Not to mention extra security with our abundant wildlife, this contributes to a more restful nights' sleep. Manufactured from long-lasting poly/cotton breathable fabric, the Boulia and Yulara roof top tents are mould resistant, waterproof and fit neatly onto the roof of your 4x4.

STEEL ROOF RACKS

RMD ROOF RACKS

We manufacture RMD Roof Racks here in Kenya at our Mlolongo factory. Our shot blasting and powder coating facility ensures a very robust finish and a superb appearance.

Made from heavy-duty steel and powder coated for durability for the serious off-roader. Can be modified to carry Hi-Lift jacks, Jerry cans, Extra Spare wheels, Water Tanks, Roof tents, Awnings, etc.

Trays can be made from quarter length to full length. All roof racks are fitted with stainless steel fasteners.

ALLOY ROOF RACKS

RHINO-RACK ROOF RACKS

Rhino-Rack Roof Racks are amongst the world's finest Roof Racks and Rails from Australia and tested to strict Australian standards. We have been Rhino-Rack distributors for 13 years and have been offering a diverse and an innovative range of Roof Rack products and accessories, supplying high quality gear to all domestic and industrial segments. These versatile racks can be adapted to carry anything from bicycles to jerry cans and ladders.

REAR REPLACEMENT BUMPERS

KAYMAR REAR REPLACEMENT BUMPERS

Kaymar Bars are heavy-duty rear bars that are designed to protect your vehicle from damage. Each bar is specifically crafted to match your 4WD, both from the outside and underneath. They are made from high-quality steel and are fully integrated with heavy-duty tow bars that are tested and approved to match the vehicle's ratings. Kaymar Bars also provides extra storage for spare wheels, jerry cans, T-slots for hi-lift jacks to ease lifting, and a range of off-road accessories. In most cases, they also improve rear-end clearance.

Team Magic Electric Winch

The Team Magic Electric Winch is a high-performance winch designed for heavy-duty use in off-road, industrial, and commercial applications. It features a 12V motor with a 12500lbs pulling capacity and a high-strength steel cable that can handle the toughest recovery tasks.

It also comes equipped with a wireless remote control, allowing users to operate the winch from a safe distance. The remote control features an integrated torch, providing added convenience and functionality in low-light conditions.

The Team Magic Electric Winch is built to withstand harsh environments and features a weather-resistant construction that can handle exposure to rain, dust, and other elements.

Recovery Tracks

Recovery traction tracks, also known as recovery boards or sand ladders, are designed to provide traction and stability to stuck vehicles in sand or mud. They are made of durable and lightweight materials and feature a unique design with raised tracks that grip the ground surface.

The tracks are placed under the wheels of the stuck vehicle, and the driver slowly accelerates the vehicle while the tracks provide the necessary grip and traction to move the vehicle out of the obstacle.

Recovery traction tracks help enable self-recovery without external assistance, reduced vehicle damage, increased safety, and faster recovery times. Recovery tracks are also compact, easy to store, and reusable, making them a cost-effective solution for vehicle recovery.

Hi-Lift Jack Base

The Hi-Lift Jack Base is a durable and versatile accessory that enhances the performance of Hi-Lift Jacks by providing a stable base on soft or uneven ground surfaces. It is designed to fit securely onto the base of Hi-Lift Jacks and prevents the jack from sinking into soft surfaces such as sand, mud, or snow.

It is made of high-strength polyethylene material and features a non-slip surface that provides excellent traction and stability. It is easy to install and can be quickly attached to the base of Hi-Lift Jacks.

WINCHES

We are the distributors of T-Max Products. T-Max winches are great quality products that have stood the test of time.

T-Max winches have been thoroughly tested in Africa and Australia for the 4X4's, car carriers, trucks and farmers for over 19 years. With a pulling capacity of 9500LBS - 18500LBS, 12v OR 24v.

We also stock a range of spares and service items.

T-MAX RECOVERY KIT

You've got a powerful winch mounted to your off-road vehicle - now you need the extra gear to make it work safely for you. The T-Max Winch Recovery Kit includes every winching accessory you need for effective winching. Whether you need to pull yourself out of the mud or save your buddies from a steep ditch, you'll be thankful you brought the T-Max Winch Recovery Kit with you.

HIGH LIFT JACK

Recovery Jacks provide a means of lifting the vehicle to aid recovery and they fit directly into T-Slot recovery points featured on our TJM Steel bull bars.

In emergencies, they can also be used to remove the vehicle from an impending obstacle by attaching a cable at each end and using it like a hand winch.

Available in 48" maximum load capacity of 7,000lbs

HYDRAULIC JACK

An alternative replacement for the mechanical farm jack. It has a higher capacity and requires less effort to lift than a mechanical farm jack.

Specifications:

- Min Lifting height: 6"
- Maximum Capacity: 4,409 lbs
- Maximum Lifting Height: 27-48 in
- Travel: 21.2"
- Weight: 26 lbs

Jack comes complete with a case with all the necessary adaptors and a travel bag. You can also get the Jack Mount Base as an optional extra.

PORTABLE COMPRESSOR

T-MAX HEAVY DUTY PORTABLE AIR COMPRESSOR

The T-Max 4X4 Adventurer offers great quality at an affordable price.

This is a larger high output 12 volt compressor, heavy duty and portable, with the capacity to inflate large tyres quickly.

It will re-inflate 4 large 4X4 tyres in minutes and will easily go on to re-inflate your friends tyres too without stopping to cool like you have to with cheaper, inferior pumps.

DUAL BATTERY MONITORING SYSTEM

T-MAX DUAL BATTERY SYSTEM

A complete split charge system with LED battery monitor, designed for a dual battery systems.

The monitor displays the voltage of both batteries and the charge voltage whilst charging them with an alternator, solar panel or any other 12v charge source.

The batteries are automatically linked through a 250A continuously rated solenoid when a charging voltage of over 13.3v is detected. The batteries are automatically isolated when discharging. In emergency situations a manual override function to link the batteries can be actuated. This is useful for extra power when starting the vehicle if power is low in the main start battery or winching applications when a longer period of constant power is needed.

JERRY CAN

T-MAX JERRY CAN - 20 Litre

UNITED NATIONS CERTIFIED

The T-Max 20 Litre Jerry Can is a handy accessory for emergency applications. It allows you to transport and store fuel or portable water safely.

It features a rust proof interior lining and a durable powder coated exterior with an extra large mouth and a flexible spout for easy pouring.

Jerry Can Holder Sold Separately

FRIDGE

A portable fridge freezer is a compact and convenient way to keep food, medicine and drinks cold while on the go. These units can be powered by a car cigarette lighter or a regular electrical outlet.

They come in a variety of sizes, from small to larger units that can hold a significant amount of food and drinks. They are also designed to be energy efficient and can run for extended periods of time on a single charge.

They are perfect for camping trips, road trips, picnics, or for use in a campervan, ambulance, aircraft or home use. Available in 30 Ltrs, 36 Ltrs, 40 Ltrs & 45 Ltrs.

EMERGENCY AND SECURITY VEHICLE LIGHTING

Sirens, Beacon lights, loud speakers LED flashing emergency lights to suit Police, Fire, Ambulance and Air Traffic applications

SPOTLIGHTS

IPF SPOT LIGHT H3 AND H4 (HIGH POWER AUX LIGHTS)

Available in spot or driving beam. Hardened glass lens. Multi directional mounting system. Available in round or rectangular body.

Wiring harness, switch, relay all inclusive.

L.E.D LIGHT BARS

L.E.D LIGHT BARS

Our high-performance light bars are designed to provide superior illumination for your vehicle, no matter what conditions you face. Built with premium-grade materials these light bars deliver unmatched brightness, clarity, and reliability. Used extensively for anti-poaching night vision.

Our light bars come in a variety of sizes and styles to fit any vehicle and any need.

RIMS

Size 16x7 / PCD 5/15

Size 16x7 / PCD 6-139.7

DAYTONA STEEL RIMS

Our heavy-duty steel rims are designed to provide the highest level of strength and durability. These rims are perfect for 4x4s and trucks that require reliable performance under challenging conditions. Whether you're looking for rims for off-road adventures or heavy-duty work, our steel rims are the perfect choice for your vehicle.

WINDOW TINTING

While many people consider the use of window tint as an application of a cosmetic makeover for their vehicles, window tinting offers plenty of other major benefits worth considering.

For starters, window tinting helps in protecting you against excessive heat and harmful ultra-violet light, provides a cool and comfortable interior, increased privacy and safety. We also provide a ballistic film for greater occupant protection.

WINDOW ETCHING

Window etching permanently identifies all of your auto glass and makes it virtually impossible for thieves to sell your car to a Chop Shop for parts or transport it out of the country.

STEEL WING CANOPY WITH REAR LIGHTS

A steel wing canopy is a versatile and sturdy addition to any pickup truck. It comprises a steel frame with a wing-like structure that extends over the truck bed, providing shade and protection from the elements.

Designed to fit Hilux Revo D/Cab, Isuzu D-Max D/Cab (+2012 to 2021), and Ford Ranger D/Cab / Wild track/ Raptor +2018 models, with the option to add a Roof Rack, this canopy is the perfect blend of style and functionality.

IMPORTED MAXLINER CANOPY AND SPORT LID

The uniquely designed canopy adds to the attractive looks of the pick up truck. Maxtop's Stylish, Luxury ABS canopy, combines its futuristic design and versatility offering the vehicle a 'SUV-Like' appearance.

The canopy side windows perfectly designed to compliment the harmony of the cab windows.

Stronger designed roof rails.

The patented mounting kit for easy and faster installation.

Fitting without drilling the truck bed.

Factory installed base rail rubber seal for weather and dust protection.

- Lockable canopy tailgate.
- Luxurious interior lining.
- Modern spoiler with E-mark LED 3rd brake light.
- Interior stylish lamp.
- Available with matched color code.

BED LINER

MAXLINER BED LINER

Designed specifically to meet the highest specifications of each pick up truck. Toughness, agility and extraordinary dependability are all combined into the Maxliner. Also tested under the most severe and harsh environments, it is the strongest and the most luxurious bedliner ever built. Cargo-locks protect cargo from sliding.

Easy to clean from dust, mud and chemical residues. 100% anti-UV surface.

This Special material protects your truck bed from scratches and impacts.

Easy installation and requires no drilling.

TOYOTA KENYA AUTHORISED SERVICE CENTER

TURKANA BRANCH

LAKE TURKANA WIND POWER/ FLEET MANAGEMENT

We have branched out into fleet management and fleet service contracts. Presently we manage a fleet of 40 vehicles in Turkana for Lake Turkana Wind Power. Cutting fleet costs and managing fleets in daunting conditions has proved challenging but nonetheless successful.

We have implemented tracking systems, driver management and training protocols, strict vehicle service schedules and general overall fleet management under the guidance of our experienced management staff and skilled Toyota trained mechanics.

We also have service contracts with Rentworks East Africa Limited, Southern Engineering Company Limited (SECO), and Vestas Eastern Africa.

NAIROBI BRANCH

MOMBASA BRANCH

These vehicles are also fitted with O.G.P specification 6 point Roll Over Protection Structures with fire retardent padding.

CUSTOM BUILT ACCESSORIES INCLUDE:

- Roll Cage with Rip Stop Canvas
- Side Bar with Side Step
- Bull Bar
- Rear Replacement Bar with Spare Wheel Carriers
- Roof Racks

- 360 degree LED Lighting
- Spotlights
- Dual Battery System
- Winch
- Wheel Spacers

TOYOTA

Toyota Kenya MD, Arvinder Reel handing over Toyota Land Cruisers 79 models to the National Police Service (NPS), 499 fitted with TJM CKD T15 Bull Bars.

TOYOTA

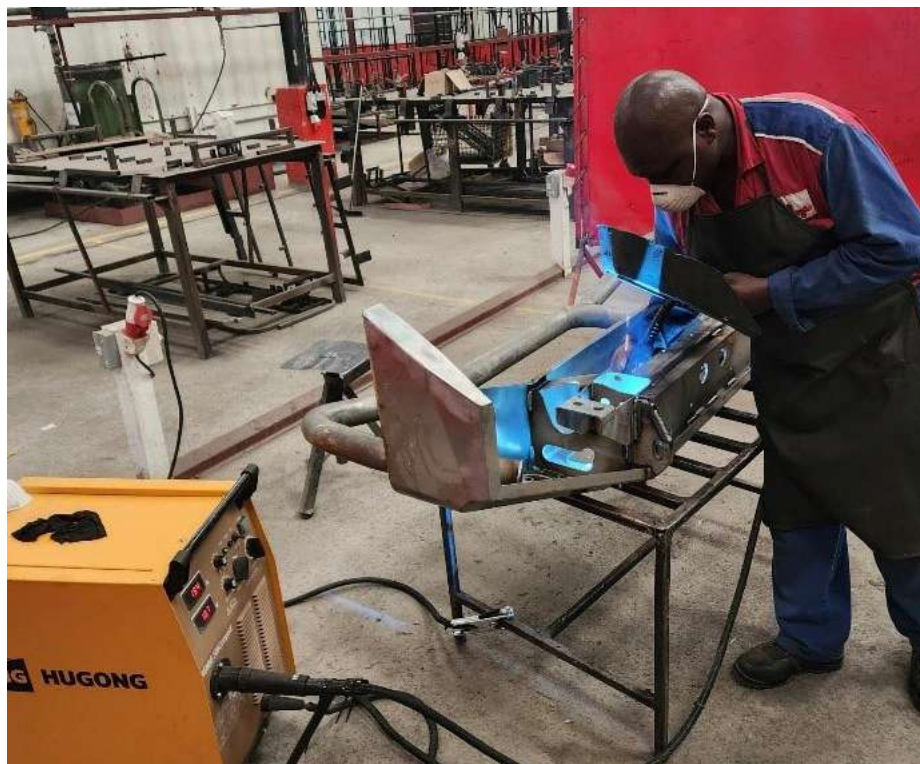

In 2017-2018 we supplied all accessories for 800 vehicles to TOYOTA KENYA LIMITED

ACCESSORIES INCLUDE:

- Bull Bar
- Roll Cage with Rip Stop Canvas
- Rear Bar
- Siren with Siren Bracket
- High Lift Jack Mount
- Rear seating side by side and longitudinal
- Winches
- Roof Racks

NISSAN

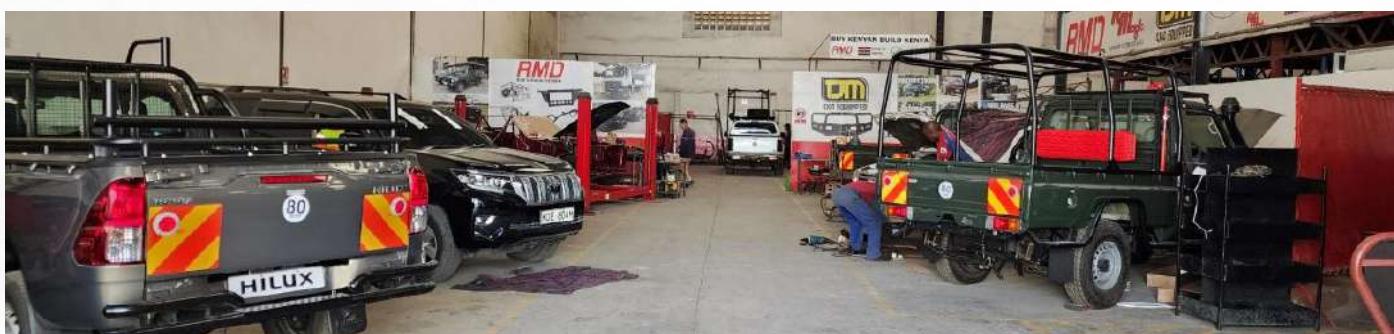

**BESPOKE FABRICATION****BUY KENYAN BUILD KENYA**

Romageco (K) Limited is a highly respected company in Africa with a vast portfolio of supplier, autocare and manufacturing abilities. We have expanded our fabrication and manufacturing for specialised steel/aluminium products to a 37,000sq ft facility in Mlolongo . Our expansion has included at great expense the state of the art, CAD/CAM plasma and laser cutters or very accurate steel/aluminium plate cutting. Our investment encompasses the very best computer controlled tube bending and profile cutting equipment from America, including a powder coating oven for a very tough finish to our final products to further add to a quality appearance. We adhere to Kaizen working practices.

We employ a skilled labour force of 51 highly qualified engineers in welding, fabrication, CNC wire bending, CNC Hydraulic Presser and computer design. As such Romageco (K) Ltd is very qualified to manufacture and fabricate high quality products which are superbly finished with oven baked powder coatings. Our CKD TJM bull bars are the No. 1 selling bull bars in Africa and produced here in our factory and exported to over 12 different countries including Dubai and Europe and we take advantage of the EAC, AfCFTA & SADC trade agreements for exports into Africa.

Rob's Magic is the brand of choice in the automotive industry supplying Original Equipment (OE) to Toyota, Nissan, Ford and Isuzu, therefore you are assured of the finest quality, integrity and the warranty of being associated to the cream of the motor industry.

ROLL OVER PROTECTION STRUCTURES

After manufacturing roll cages for 25 years for motorsport , in 2008 Romageco found a gap in the market to supply and manufacture Roll Over Protection Structures to the East African market for the Oil, Gas and Petroleum (OGP) plus Mining companies. All our ROPS are manufactured in Kenya and carry a safety certificate and registration.

The ROPS manufactured by ROMAGECO Kenya Ltd are designed to augment the existing cabin strength and to reduce the cabin crush and therefore reduce the potential for injuries in a rollover. These are made to OGP and Mining standards and we use flame retardant foam padding.

Due to the sensitivity of the standards and practices within the OGP, Exploration and Mining industries, we understood that the final product has to be manufactured with precision: safety being the priority. The Mining and OGP Industries have very different specifications and follow clearly defined protocol differentiations. Romageco Kenya Ltd. is experienced in both protocols.

New vehicles are studied and scrutinized prior to the fitment of ROPS to determine maximum safety, space saving, air bag intrusions and compatibilities. With that technical drawings are issued, so that the client better understands the fixations to the vehicle and the sizing of the structure.

Because we supply to the OGP and Mining industries, we take safety very seriously. All of our Roll Over Protection Structures are put through rigorous testing to ensure they comply to client specifications. Our customers have included:

VEHICLE CONVERSIONS

VEHICLE CONVERSIONS AND MODIFICATIONS AT MLOLONGO

We have made various body conversions for the Tourist industry and Conservancies including Angama, Musiara, Elewana and Cheli and Peacock.

Our game view vehicles based on Toyota, Suzuki and Nissan vehicles have been a very big success revolutionizing game viewing platforms for enhanced viewing which have proven extremely popular with our clients. These very high quality conversions are all jigged and crafted to the highest standards including powder coating for high end tourism.

The Mara Conservancy approached us to convert and refurbish some old Toyota ambulances into anti poaching vehicles. Using our experience the end result has been a remarkable success using only Toyota genuine spare parts and our vast experience with Kenya Wildlife Service, World Wide Fund for Nature - Kenya, Sheldrick Wildlife Trust, Northern Rangelands Trust, International Fund for Animal Welfare, The Elephant Trust, Lewa Conservancy etc..

From Ambulance to Anti-Poaching Vehicle

Refurbished Vehicles with Toyota Genuine Parts

- Bench Seat • Raptor Coated Floor • Rip Stop Canvas

NISSAN / TOYOTA HIGH VIEW GAME VEHICLES CONVERSION INCLUDE LUXURY ITEMS:

- Fridge
- Drinks Cabinet
- Seats with seat belts and arm rests
- Rip Stop Canvas Seat Covers
- Foldable Table
- Foldable Chairs
- Wooden Shelves and Door Capings
- Inverters
- Dual Battery Management Systems
- USB Chargers
- 240V Sockets
- Water Tank and Hand Washing Tap

RAPID RESPONSE SECURITY VEHICLE

UNIQUE SECURITY VEHICLE MODIFICATIONS TO OGP STANDARDS

Security vehicle with rear safety cell comprising of full harness seat belts mounted into bucket seats with full roll over cage, chassis mounted for extra protection; using cold drawn seamless low carbon steel tubing .

- Forward facing seats with safety belts
- Lockable kit box
- High Lift jack mount
- Spotlights
- Daytona steel rims
- Reinforced Towing

TRUCK ACCESSORIES

ACCESSORIES INCLUDE:

- Spare wheel frames
- Nudge Bars
- Mirror Guards
- Sump Shields
- Fuel Tank, Battery and Air Reservoir
- Protection Cages
- Luggage Boxes e.t.c..

TRAILERS

SIDE STEPS

Our Side Steps are made using steel or alloy extrusions with a durable mounting system, the Classique Step has been carefully crafted to suit the styling of each individual make of vehicle perfectly and provides a non-slip tread to get passengers into and out of the vehicle.

SIDE BARS

Side bars offer excellent side impact protection. The side bars have been engineered and are designed to fit on the chassis for greater strength.

UNDER BODY PROTECTION

All our under body guards are made from 3mm steel and finished with superior powder coating for ultimate performance and durability. Specially designed, pressed and folded to supply the optimum strength and protection.X

BED LINER

ALUMINIUM BED LINER

The Aluminium Bedliner is strong, lightweight and durable, preventing any damage that would otherwise be absorbed by the load tray of your vehicle

STEEL BLACK BEDLINER

The Steel bedliner is a heavy duty durable bedliner taking the punishment from heavy objects that would otherwise damage your load tray.

ONE STOP SHOP

1. SUSPENSION SYSTEMS

- Springs (Coil / Leaf)
- Shocks
- Steering Dampers
- Bushes – Control Arms, Link Arms, Trailing Arms, Radius Arm, Panhard Rod, Stabilizer, Steering Rack
- Ball Joints, CV Joints, Rack Ends, Tie Rod Ends
- Shackle Kits
- Bump Stops
- Torsion Bars

2. 4X4 ACCESSORIES

- Bull Bars
- Snorkels
- Bed Liners
- Rear Bars and Tow Bars
- LED Light Bars
- Jerry Cans
- Tyre Carriers (Single and Twin)
